Check the other newsletter that came home with this one that has more information on Summer Reading Resources that are available to your student. This includes: research databases and ebooks, Digital Streaming and ebooks and MYON ebooks. Return the bingo card on the back, **completely full**, and receive a bookmark from Mrs. Sundberg in the fall.

## What's On the Elementary Library's Website?

Most of our elementary students are familiar with the library's website. There are many, many links from curriculum related, holidays, resources to FUN!

Just a few you might want to check out are:

- The Library's Blog (you can leave comments or suggestions...)

- Online Resources that include encyclopedias, magazine databases, library catalogs and teacher resources
- Summer calendars of fun that give a daily website for students to check out

- Kid friendly search engines

I'll continually add things throughout the summer **so check back often.**

**HINT: Check the recent updates section to see what has changed.**

**FYI: How to get to the website?**

### Fun Things to Do!

- ♦ Public library reading programs: Poland ([here](#)), Middleville and Newport ([here](#))
- ♦ SUNY PI—Summer Reading Skills classes for Grades PreK-12 ([here](#))
- ♦ Every 4th grader gets a free pass to a National Park ([here](#))
- ♦ Marquee Cinemas Summer Kids Movies—Tuesdays and Wednesdays @ 9:30 ([here](#))

Etc.....

Besides the summer calendar of fun on the library's website, check the link for the public libraries Summer Reading Program. There will be links to **reading lists** and **online books** that the students can either read or have them read aloud to them. You can find this under Summer Reading Programs.

- It was a pleasure to teach your student this year, see you in the fall!

## BOOKS BEAT SUMMER SLIDE

Children who are given access to books over the summer perform 35-40% better on reading achievement tests than those without access to books.
