**At Poland Central School, our adopted District Mission is to develop prepared, productive, and proud citizens by establishing a broad and challenging program and a variety of opportunities.**

**We hold the following beliefs:**

- All children can learn.
- It takes the whole community to educate the child.
- The district must be responsive to changing needs of individuals, groups, and society; and
- We all make a difference in our school.

**To this end, we will**

Provide opportunities for students to gain knowledge and values necessary to be productive members of society and utilize a variety of methods to measure student learning.

A report card is just one communication tool between home and school. Our Pre-Kindergarten program provides many opportunities for parents/guardians to see learning topics and concepts at family and holiday events and in teacher-developed monthly activity calendars and classroom projects.
